Attendance

There have been a number of colds doing the rounds again of late, however our attendance rate has gone up 1%. We are still short of the target but let us hope that with warmer days ahead we can continue to improve this.

Camp

What an amazing camp to Woodhouse the year 5/6 students had at the end of week four. I was so excited to be able to go, and would like to commend all of the students on their stamina and determination to complete each of the activities, even when it was raining! I would also like to thank all of the adults who attended and gave up their time to make the camp possible. There were many photos on Facebook and the next newsletter will be full of more pictures and students reflections.

Book Week

What a parade!

Thank you so much for the amazing work you all did behind the scenes to make the parade so amazing. The array of costumes and thought that had gone into the characters was tremendous.

Father's Day Stall

Thank you to our Governing Council members and Sue who order all of the goods to sell at the Father's Day Stall. A huge thank you to the ladies who have set up, manned the stall and helped every student choose the perfect gift for the special dad, grandad, pop or father figure. It is always a huge success and this year was no different. Thank you for supporting this school event.

Our School acknowledges the Kurna People as the traditional custodians of the Adelaide Plains. We acknowledge their connection to the land our school is built on. The land on which we congregate to learn, play and work. We pay our respects to their Cultures and to the Elders past, present and emerging.

PRINCIPAL'S NEWS cont...

Staffing

Today we farewell Paula McLean who is now on maternity leave. We look forward to news of the arrival of your little one. We welcome Neeru Sharma, who will be taking over from Paula. Neeru had a hand over with Paula this week and we look forward to working with you!

Sports Day

Sports Day is on Thursday 21st September. A special lunch order form will come home on Monday. There are two to each order...one for students and one for family members who attend. Please make sure they are returned to Fiona at the canteen.

Bec Jamieson

FINANCE NEWS

Material & Service Fees 2023

The 2023 Material and Service Fees are now **OVERDUE**.

Payment can be made via the OKR app, a bank transfer, cash or EFTPOS.

If you require a payment plan, please come into the office and speak to one of our staff members.

School Card applications must be applied for every year and submitted ONLINE for 2023.

If you need access or support to assist you with your application, please see the admin staff who will help you. Don't forget to bring your CRN number with you. **School Card applications should HAVE BEEN lodged before the end of Term 2 2023 to avoid debt recovery procedures.**

Callum P—getting along with everyone

Isaac R—making an effort to be a good friend

Alivia W—working well with others

Amelia H—collaborating in class discussions

Lilah P—participating well with others in a positive manner

Jack T—working well with others

AROUND THE CLASSROOMS

MR BOND'S CLASS

TERMS 2 & 3 - ENGLISH / MATHS / HASS (GEOGRAPHY)

LITERACY

At the end of last term our class read the text Tiddalik. Tiddalik is a small, mischievous and very thirsty frog who appears in one of Australia's best-known Creation Stories. It's the story of a frog whose greed results in all of the water in the creeks, lakes and rivers being depleted, resulting in the other animals working together to see it returned. After listening to the text, the students then rearranged the pages of the book into the correct order.

NUMERACY

This term our class is looking at identifying different types of patterns. In lessons 1 and 2 we looked at what is and is not a pattern. Over the last few weeks we have been classifying patterns as either "repeating", "growing" or "linear".

AROUND THE CLASSROOMS

Mrs McLean's Year 3/4 Class

Science Week: In week 4, Mrs McLean and her students celebrated Science Week. They had fun in their classroom exploring different topics such as Biology, Earth and Space and Chemical Science.

Students compared real Tiger worms to sour gummy worms and looked at the elements that make things living vs nonliving. Some of them were even brave enough to hold the real worms. There was a lot of screaming though!!!

Next, they looked at the different states of matter. They got to make cloud dough and also explored what happens to marshmallows when heat is applied. Most of them enjoyed eating the sticky marshmallow at the end.

Finally, they covered Earth and Space Science by designing their own planets and describing their features. They also became junior Geologist by learning and studying different rock types and how they were formed.

AROUND THE CLASSROOMS

What's been happening in Mrs Furnell's Year 3/4 classroom?

Maths:

This term students have been involved in a number of hands on learning experiences to investigate length, capacity and mass. Students have enjoyed creating different sized insects out of playdough and estimating lengths. They enjoyed using scaled objects such as cylinders to read various scales to compare capacities, as well as balancing scales to compare difference masses.

The Arts:

For our arts curriculum this term, students have put themselves into groups to present a performance on 'The Veggie Thief.' Students have been practicing the script as part of reading groups and will start to design various props they will get to make as part of their Design and Technologies curriculum.

NOTICE TO RESIDENTS

FOOTPATH WORKS ON TURNER DRIVE, CRAIGMORE

The City of Playford is pleased to inform you that footpath renewal works on **Turner Drive, Craigmore** are about to commence as part of Council's Capital Works Program. This work involves the renewal and widening of the existing footpath from 1.2m wide to 1.8m, as well as the upgrade of kerb ramps for accessibility compliance.

This also includes the renewal of bus stop 75 East side concrete waiting area to ensure it is compliant with current standards. The bus stop will always remain open but may be moved south slightly temporarily to undertake these works. The bus shelter as this stop will be removed mid-August and will not be replaced due to its age and condition.

Parisi Paving have been contracted by Council to complete this works.

When will work start?

Work on this street will commence on **7 August 2023** and is expected to be completed on the **27 October 2023**. Wet weather may delay the scheduling of these works.

How will this affect me?

Parisi Paving will work to ensure there is as little inconvenience as possible. Footpaths may also be closed to pedestrians during construction but will be reopened once completed.

Traffic control signs and speed restrictions will be in place to ensure the safety of pedestrians and motorists.

If you have any queries, please do not hesitate to contact Mel McManus Council's Project Manager on 2856 0333 or by email at playford@playford.sa.gov.au.

We apologise for any inconvenience caused during the course of this work and thank you in advance for your understanding and cooperation.

SECURE YOUR SPOT!
Unleash Summer Fun with VACSWIM
2023/24...

SWIM CLUB
AUSTRALIA 

We're thrilled to announce that this season, VACSWIM is joining forces with **[Swim Club Australia!](#)**

This exciting collaboration unites two powerhouses in aquatic education and

MORE COMMUNITY NEWS

Royal Life Saving Swim & Survive program.

Royal Life Saving SA's Holiday Swim Program is running again in the December 2023/ January 2024 Summer Holidays! Enrolments are already open.

We have many locations around South Australia and are wanting to get the word out there to the local communities. I was hoping it would be possible for you to put this flyer in your newsletter a few times between now and the end of the year, so your community has the opportunity to enrol their children if they wish.

Many schools and communities have been sharing the flyer on their social media platforms as well. Holiday Swim is a Royal Life Saving Society South Australia initiative bringing affordable and educational swimming and water safety lessons to pools and inland waterway locations across Metro and Regional South Australia since the 1950's. The aim of the program is to teach children critical life saving skills and basic swimming skills, to equip them with the knowledge to stay safe in, on and around the water.

The aim of keeping the program affordable, is to reach families and communities that might otherwise miss out on the opportunity to participate in swimming lessons, and as we approach the busy Summer months now is the time to equip them with the knowledge to save a life.

The program will be returning in December 2023 and January 2024 with the newly adapted Royal Life Saving Swim & Survive program. Royal Life Saving also offer pathways into the aquatic industry with their ICONIC Bronze Awards. The Bronze Star, Bronze Medallion, Bronze Cross, Award of Merit and Distinction levels are designed for those wanting to further their knowledge and skill set, before moving into the aquatic industry as Lifeguards and Swim Teachers within the local commu-
